

**My MONEYMENTOR**

## About Jaeneen

For over twenty years I have trained and worked professionally at all levels of finance. I've partnered with Accountants, Property Lawyers and Financial Planners and have been working in finance as a business owner since 1998.

Before that I worked for a prominent Australian Airline and major retail and investment banks

Outside of finance, my commitment to the well-being of the community is fundamental to my principles. I'm the proud Executive Director of Safe Haven Community, and have been working hands on to improve the well-fare of women experiencing domestic abuse since 2017

I've been successful in personal and business coaching, consulting and strategy, and public speaking for more than twenty years.
